### Highlights of Key Trends:

- In FY 2002-03, revenues were not allocated by Superior Court at normal levels due to technical difficulties associated with the implementation of the court's new revenue distribution software. It is anticipated to be

corrected by the end of FY 2002-03. In light of the revenue allocation problems, revenue estimates for FY 2003-04 are very conservative. Funding consideration was given to those projects with critical maintenance and health and safety related needs.
